

Quality policy

Autoland exists solely because of its people.
Our goal is to solve our customers car care problems.

The constant development of the quality of our products and technology and investment in our peoples' intellectual capital. These are the methods of achieving our goal.

All of us at AUTOLAND are fully aware of these facts. Our Quality Policy includes:

1. Implementation of at least three new or improved products annually;
2. 7 Working days as the maximum lead time and IFOT at 98%.
3. Contact with customers within 24 hours from receiving an order;
4. Maintaining permanent awareness of our company goals through our people and customers.

Everyone at Autoland is fully aware of the fact that we have to work very hard or we will be history. To survive is not a duty - it is a chance.

Guarantor of achieving the goals is the implementation and continuous improvement of quality management system in accordance with ISO 9001.
